

BOAT DIVER

Do I put my kit on before I get on the boat or afterwards? How do I enter the water? How do I get out afterwards? Where's the best place to sit on the boat? What do I wear? How do I find the dive site once I'm in the water? All these questions and more will be answered on the PADI Boat Diver Speciality course. We'll look at boat diving procedures, where to stow your kit, descending/ascending shotlines, procedures for entering and exiting the water and much more. The skills learnt will be through practical experience on 2 open water boat dives.

Duration: 1 day

Cost: £125.00 + course pack

Experience required: Open Water Certification or equivalent.
